EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David Rouille (Reg. No. 40,150) on April 26, 2007.

The application has been amended as follows:

The claims have been amended as shown in the attached document.

2. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the claim is allowable over the prior art because the prior art of record does not disclose the limitation of "receiving a reference packet at a reference time, determining a schedule interval start time in response to said reference time, determining said expected packet arrival time based on said expected packet arrival time information and said schedule interval start time" in combination with the limitation of "storing, within said switch, schedule information defining at least one packet flow schedule, wherein said schedule information defines scheduled reception and transmission times for at least one packet associated with said at least one packet flow, wherein the scheduled reception time indicates an expected packet arrival time at which said at least one packet associated with said at least one packet flow is expected to

be received by said switch". The reference packet is the heartbeat packet as described in the specification.

For similar reasons, independent claims 12, 25, 28, and 39 are allowable. Dependent claims 2-6, 8, 10-11, 13-17, 19, 21-24, 26-27, 29, 31-38, and 40-44.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
